Modern Ancestral Development for a Regenerative Earth

M A D R E

## A REGENERATIVE HUB

### *Restore. Regenerate. Rise*

Step into a global movement where creators, leaders, innovators, and changemakers gather to cultivate a regenerative future.

A fertile ground where ideas take root, grow, and expand across industries, communities, and ecosystems towards a regenerative economy.

### *Create a Thriving Future through a **Regenerative Economy***

Regeneration creates thriving ecosystems, businesses, and communities by enhancing their ability to sustain life and adapt. It goes beyond sustainability, fostering resilience, innovation, and abundance.

A regenerative economy replenishes and expands natural capital, circulating resources wisely to restore ecosystems, nurture prosperity, and build a flourishing future for people and the planet.

## Why MADRE?

MADRE stands for **Modern Ancestral Development for a Regenerative Earth**.

We chose the name Madre—Spanish for Mother—because it reflects who we are: a return to the source, to the nourishing, life-giving force of nature itself.

In many traditions, Mother Earth is more than a metaphor. She is the living system that sustains all life. Madre honors this relationship and reminds us that regeneration is about reconnecting with the wisdom of life itself.

## MADRE's Purpose

We help leaders and organizations:

- Restore their *inner soil*—health, vitality, and purpose.
- Build regenerative ecosystems in work and life.
- Design living economies that heal people and the Earth.

## THE INVITATION

We are living in a time of great opportunity, a moment to heal, reconnect, and build a world where life thrives in all its forms.

While sustainability focuses on reducing harm, regeneration invites us to go further. It means replenishing, restoring, and enhancing the vitality of nature, communities, and ourselves.

### CONNECT WITH OUR REGENERATION PRINCIPLES:

**Embody nature's intelligence:** learn from ancestral wisdom and biomimicry to co-create life.

**Heal from the inside out:** nurture your own well-being and other people, organizations, the planet.

**Build living, circular economies:** shift from extractive to life giving business models.

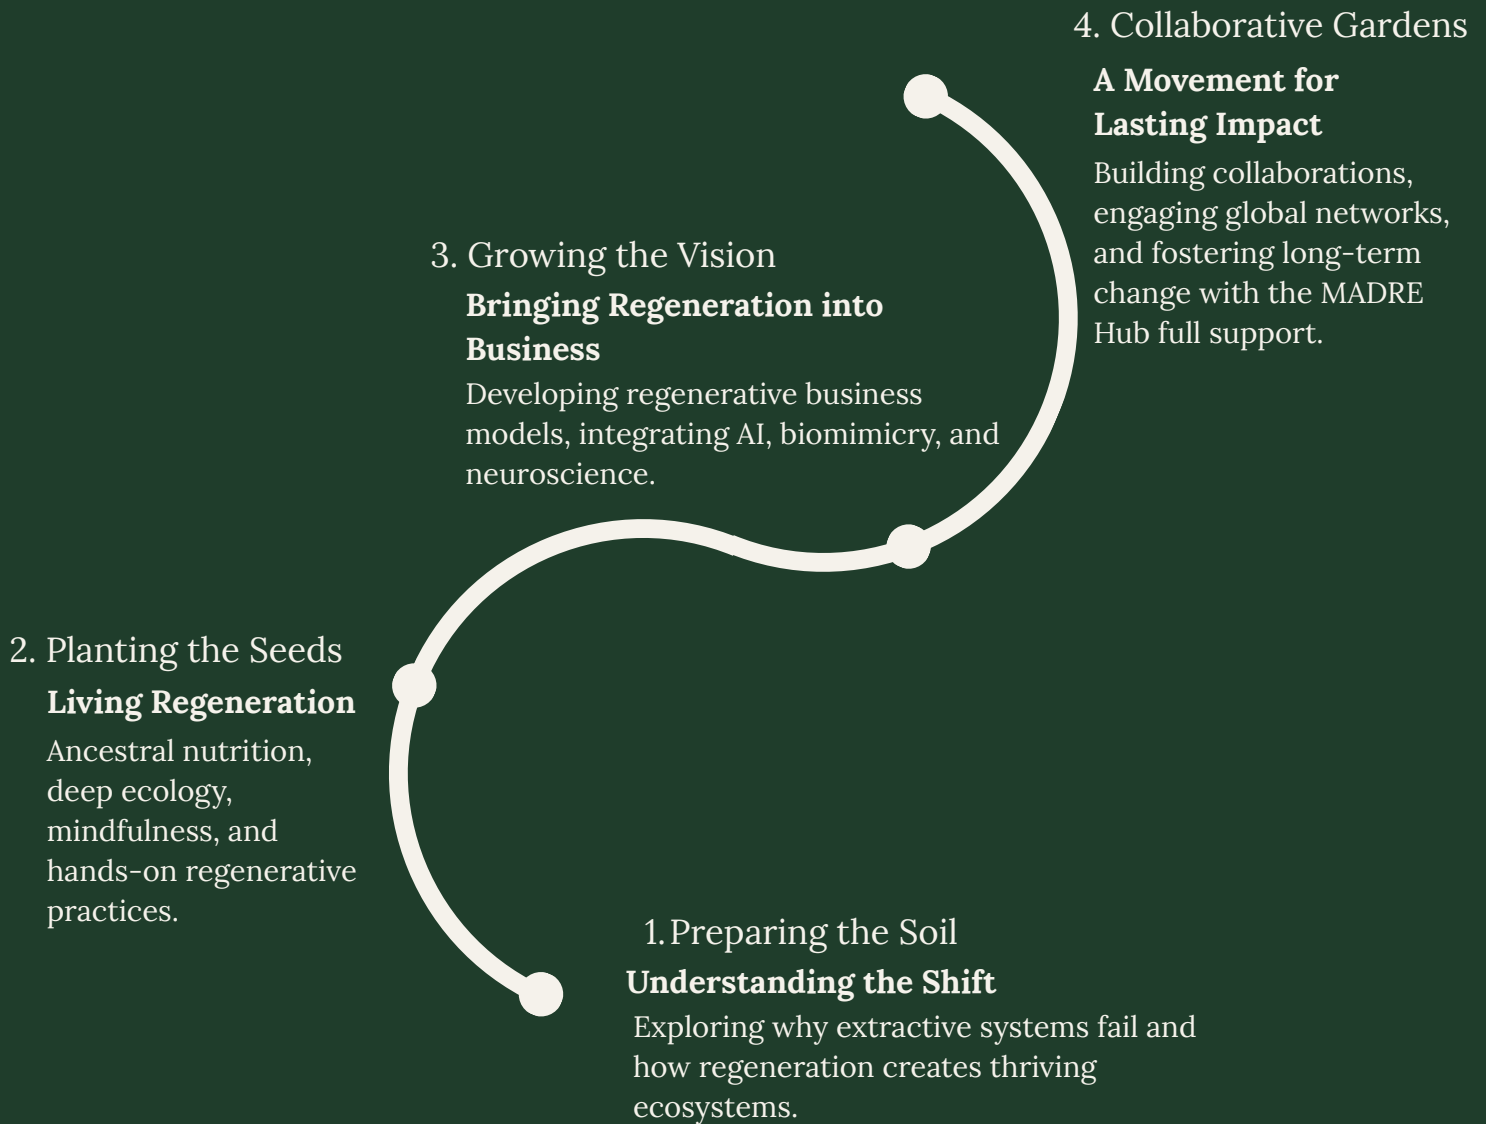

**Co-create abundance:** foster collaboration and shared prosperity for all planetary life.

## *A Day at MADRE*

### **7:30 AM – Morning Elixir & Opening Ritual**

Gather in silence as the sun begins to rise. Sip a warm, adaptogenic tonic designed to nourish your body and awaken your senses. Together, we set intentions for the day through soft grounding practices.

### **8:00 AM – Ancestral Breakfast**

A farm-to-table feast awaits, nourishing, seasonal foods inspired by Andean wisdom to replenish and energize you.

### **9:30 AM – Hike with Regenerative Leadership Circle**

An immersive workshop in nature where you'll explore how regenerative principles can shape projects, businesses, and leadership models that honor both people and planet.

### **1PM – Slow Lunch & Spaciousness**

A communal meal followed by open time to journal, reflect in solitude, or rest in the sanctuary of the land.

### **3:00 PM – Seeds of Change Co-Creation Lab**

In a collaborative space, you will work side by side with fellow leaders to imagine regenerative ideas and solutions. Here, creativity meets impact.

### **5:00 PM – Restorative Movement & Breathwork**

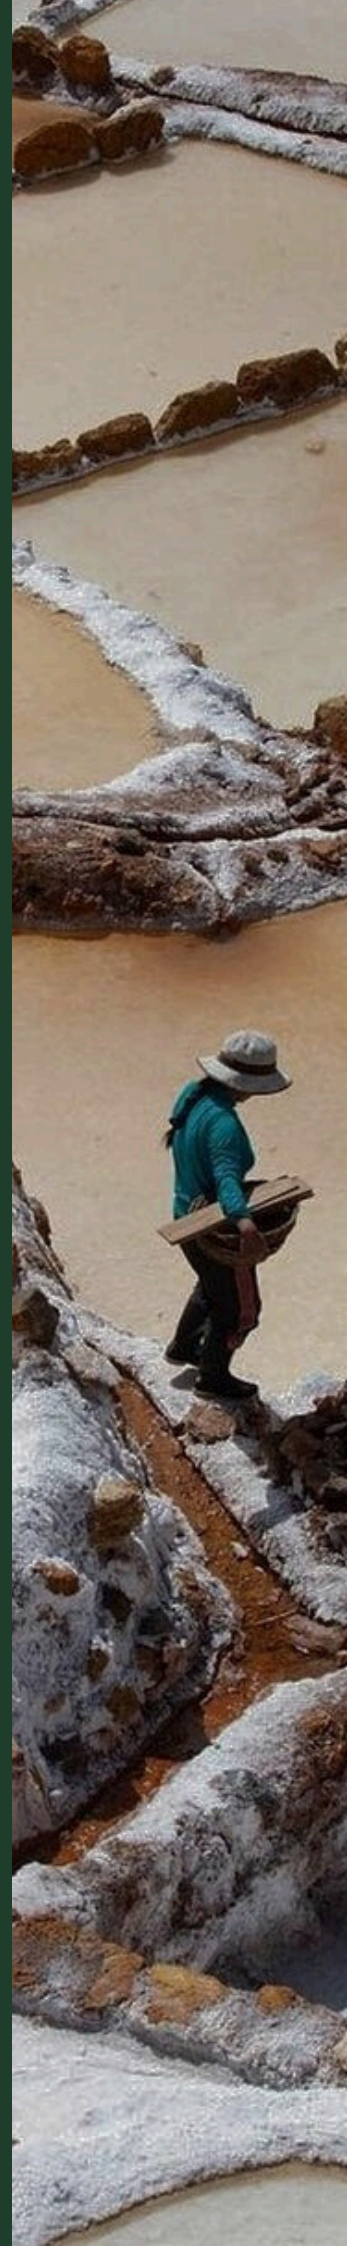

A gentle somatic session to unwind the nervous system and integrate the day's insights, leaving you restored and grounded.

### **6:30 PM – Sacred Fire Dinner**

Gather around the fire for a soulful meal, enjoying ancestral recipes, adaptogenic infusions, and vibrant, earth-to-table nourishment.

### **8:00 PM – Night Council & Story Weaving**

Close the day under the stars with deep listening, storytelling, and sharing dreams for what we are cultivating—individually and collectively.
